**PETITION TO WITHDRAW HOLDING OF ABANDONMENT
UNDER 37 CFR 1.181**

Box DAC

Hon. Commissioner of Patents
and Trademarks
Washington, D.C. 20231

Dear Sirs:

Applicants hereby file this Petition to Withdraw Holding of Abandonment pursuant to 37 CFR 1.181.

Pursuant to 37 CFR 1.181(b), embodied herein is a concise statement of the pertinent facts and the necessary Exhibits to support this petition. It is asserted by the Applicants that no fee is due under this Petition to Withdraw Holding of Abandonment.

On January 29, 2002, Applicants filed an Amendment that was received at the U.S. Patent Office on February 19, 2002. A copy of the return postcard is attached hereto as Exhibit 1. A Notice of Abandonment was mailed on December 4, 2002 stating that the present

application went abandoned for failure to respond to the "Office letter" mailed on April 11, 2002. A copy of the Notice of Abandonment is attached hereto as Exhibit 2.

After receiving the Notice of Abandonment, Applicant's attorney immediately reviewed the file and noted that it contains no such Office Action. As a general practice, the undersigned law firm keeps a detailed record of all incoming mail from the U.S. Patent Office. A detailed Statement of the docketing procedures is attached hereto as Exhibit 3. A complete review of the records for all incoming mail in the months from April to June of 2002, failed to indicate that an Office Action was received. This Petition to Withdraw Holding of Abandonment has been prepared immediately and all reasonable steps have been taken to promptly correct the U.S. Patent Office mistake. Applicants respectfully submit that the U.S. Patent Office's abandonment of this Application is in error and that the April 11, 2002 Office Action was not received.

As such, Applicants submit this grantable Petition to Withdraw Holding of Abandonment and request that the Office of Petitions withdraw the abandonment of this Application and rescind the April 11, 2002 Office Action so that a proper response can be made. Applicants authorize the U.S. Patent Office to charge any additional charges that may arise under this petition to deposit account No. 19-2825 order number 807-005.

Respectfully Submitted,

SOFER & HAROUN

**DECLARATION OF JOSEPH SOFER IN
SUPPORT OF PETITION TO WITHDRAW HOLDING OF ABANDONMENT
UNDER 37 CFR 1.181**

Box DAC

Hon. Commissioner of Patents
and Trademarks
Washington, D.C. 20231

I Joseph Sofer declare that:

1. I am Partner in the firm of Sofer & Haroun L.L.P.
2. A power of attorney has been filed authorizing the firm of Sofer & Haroun L.L.P. to represent the Applicant.
3. On December 4, 2002 a Notice of Abandonment was issued for failure to respond to an April 11, 2002 Office Action.
4. After receiving the Notice of Abandonment we immediately reviewed the file and noted that the April 11, 2002 Office Action, indicated in the Notice of Abandonment, was never received.
5. A business routine for performing the clerical functions for responding to Patent Office requirements has been established by, and is diligently followed by, Sofer & Haroun, L.L.P. This business routine includes specific steps to be performed, including docketing and filing procedures which are performed by our docket clerk. They are, and could reasonably be,

relied upon to avoid errors in their performance.

6. In this business routine, after mail is received from the U.S. Patent and Trademark Office, it is opened immediately and entered in our incoming mail log book.

7. Subsequently, the mail is then transferred to the docket clerk to be entered into the computerized docket system, providing a second record of the item. The Office Action is then placed directly in the file and addressed as necessary.

8. As indicated in the accompanying Petition to Withdraw Holding of Abandonment, there is no record of the Office Action dated April 11, 2002, referenced in the Notice of Abandonment, neither in the incoming mail book, nor in the computerized docket system.

9. Applicants submit that as soon as the Notice of Abandonment was received, all reasonable steps were taken to promptly correct the abandonment of this application.

10. Therefore, in view of the foregoing statements, I hereby submit that the entire period of abandonment from the mailing of December 4, 2002 Notice of Abandonment to the filing of the accompanying grantable petition was unavoidable and that immediately upon discovery, we have moved to withdraw the holding of abandonment for this application.

I declare that all statements made above of my own knowledge are true and all statements made on information and belief are believed to be true; and these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Art Unit: 2651

1. The disclosure is objected to because of the following informalities: The Summary on page 5 of the specification only describes conventional devices.

Appropriate correction is required.

2. Claims 6, 8, 11 are objected to because of the following informalities: Claim 11 needs a period. In claim 8, "sais" should be ~~--said--~~. In claim 6, "procedures" should be ~~--produces--~~. Appropriate correction is required.

3. Claims 6, 7 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States

5. Claims 1-5, 8-12 are rejected under 35 U.S.C. 102(b) as being anticipated by Bentley et al.

The grounds of rejection are of record. See page 3 of the Office Action of 29 October 2001.

6. Applicant's arguments filed 1/29/02 have been fully considered but they are not persuasive. Page 5 of the response contends that Bentley et al does not teach a block end calculation circuit. The examiner disagrees. By definition, an end of block (EOB) timer satisfies this requirement.

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

ON PETITION

Sofer & Haroun LLP
342 Madison Avenue Suite 1921
New York NY 10173

In re Application of:
Terumi Takashi et al.
Application No. 09/638,607
Filed: August 15, 2000
For: **DATA REPRODUCTION APPARATUS**

This is a decision on the petition filed January 27, 2003 to withdraw the holding of abandonment under 37 C.F.R. § 1.181. No fee is required.

The Notice of Abandonment was mailed December 4, 2002 for failure to respond in a timely manner to an Office action mailed April 11, 2002.

Petitioner alleges that no Office action was received.

Based on M.P.E.P. § 711.03(c) (See also *Notice entitled Withdrawing the Holding of Abandonment When Office Actions Are Not Received*, 1156 O.G. 53 (November 16, 1991)), in absence of any irregularity in the mailing of an Office action, there is a strong presumption that the Office action was properly mailed to practitioner at the address of record. This presumption may be overcome by a showing that the Office action was not in fact received. The showing required to establish the failure to receive an Office communication must include:

(a) a statement from the practitioner stating that the Office communication was not received by the practitioner;

(b) a statement attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received; and

(c) a copy of the docket record where the non-received Office communication would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement.

The showing outlined above may not be sufficient if there are circumstances that point to a conclusion that the Office communication may have been lost after receipt rather than a conclusion that the Office communication was lost in the mail.

Petitioner fails to meet requirement (c) above. The petition does not include a copy of the docket record where the non-received Office communication would have been entered had it been received.

For the above stated reasons, the petition is **DENIED**.

Any request for reconsideration must be submitted within **TWO (2) MONTHS** from the mailing date of this decision. No further petition fee is required for the request. Extensions of time under 37 C.F.R. § 1.136(a) are **NOT** permitted.
